

Loomtracer

Threaded memory for you, your team, and your AI agents.

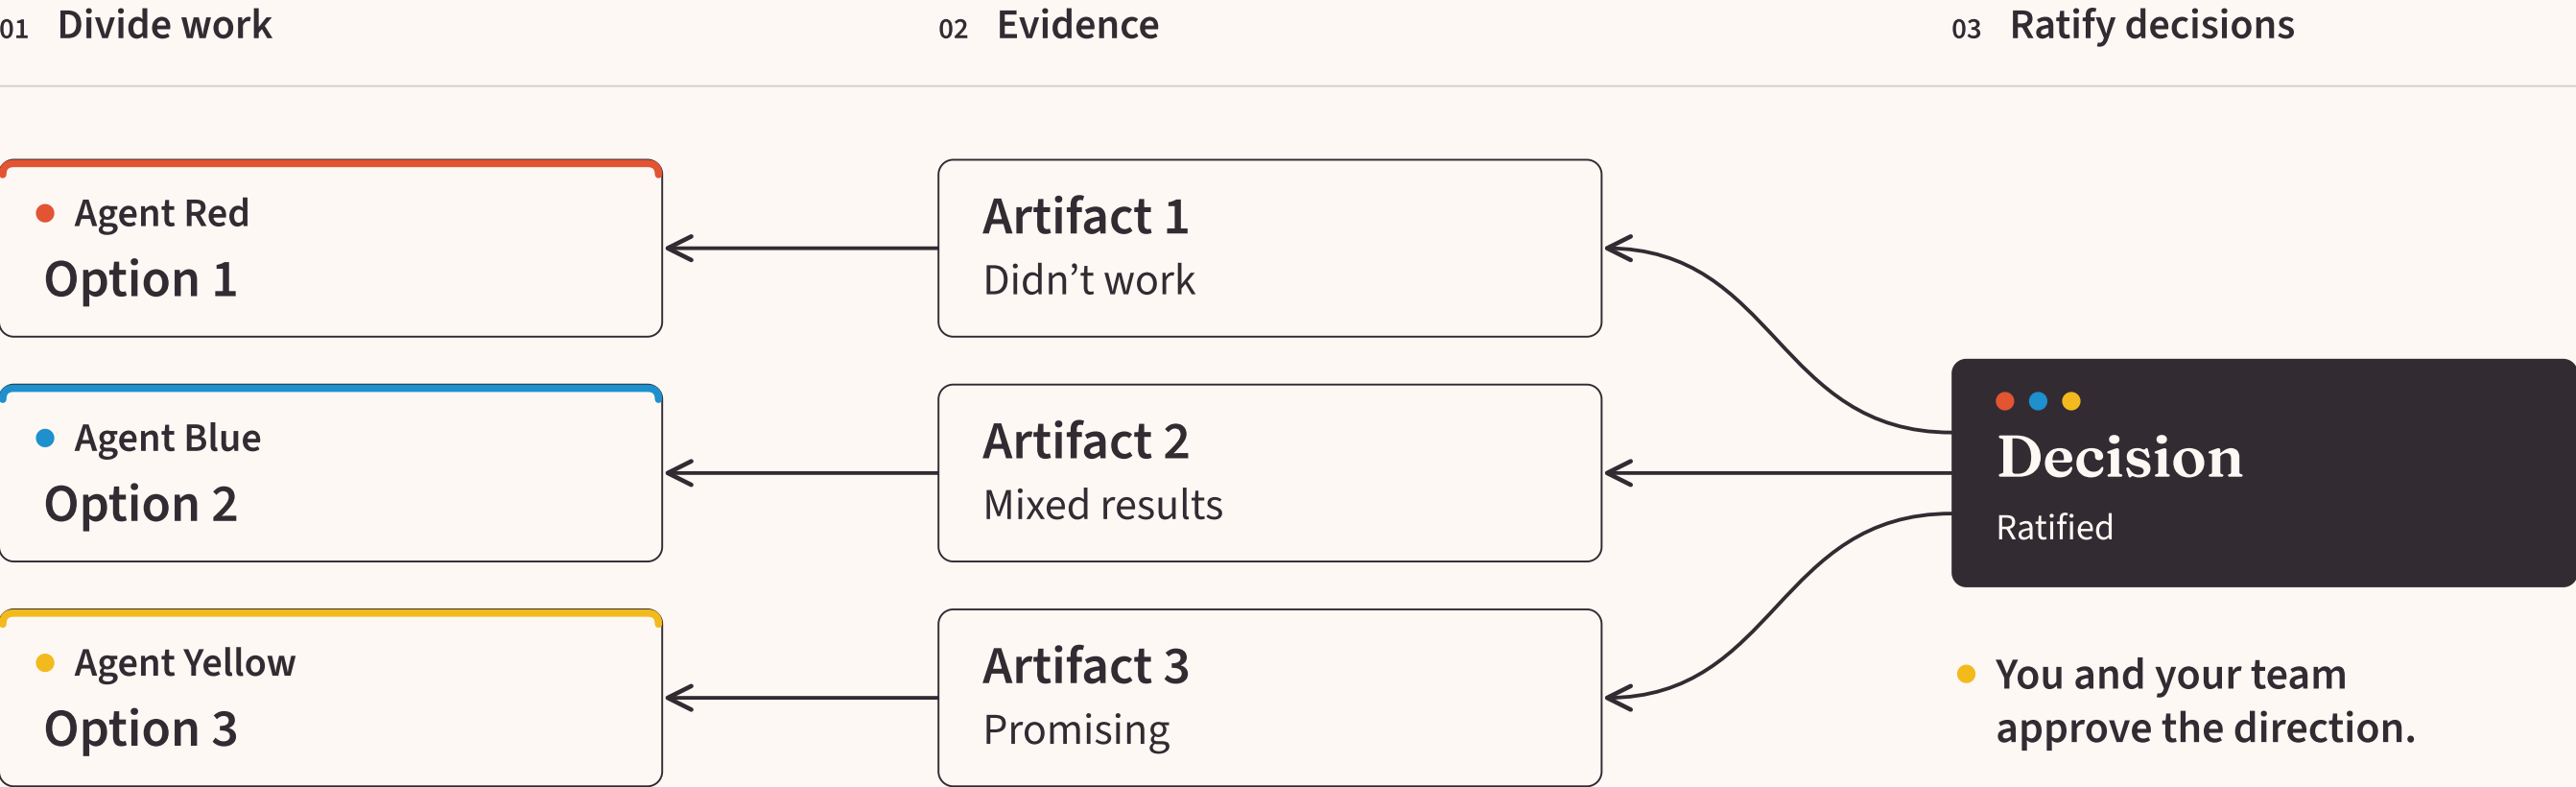

Have you ever had to re-brief an agent on a decision another agent already made?

Findings get buried over time.

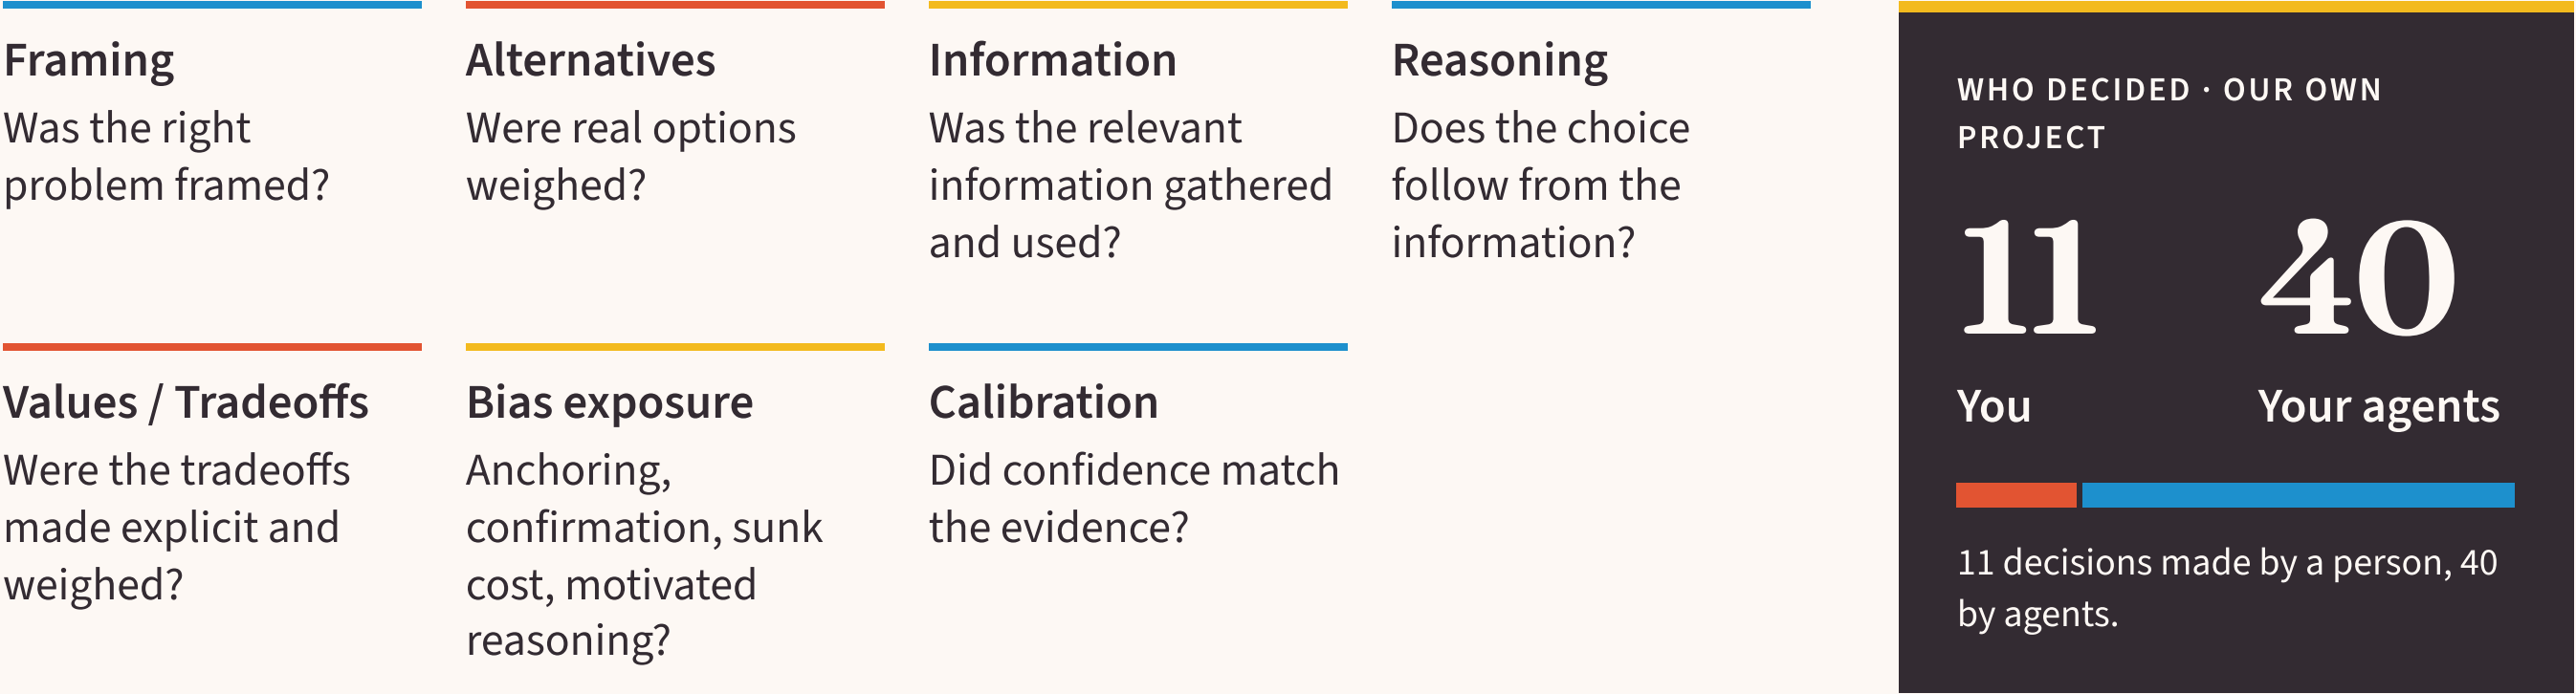

Decisions separate from reasoning.

It's up to you to connect lost threads.

Trace reasoning, not just facts.

Are you making the decisions that matter?

Today: a seven-dimension profile and who decided. **Coming:** which decisions carry the most impact.

Thank You
