

Loomtracer

Threaded memory for you, your team, and your AI agents.

Context gets left behind

Findings get buried over time.

Decisions separate from reasoning.

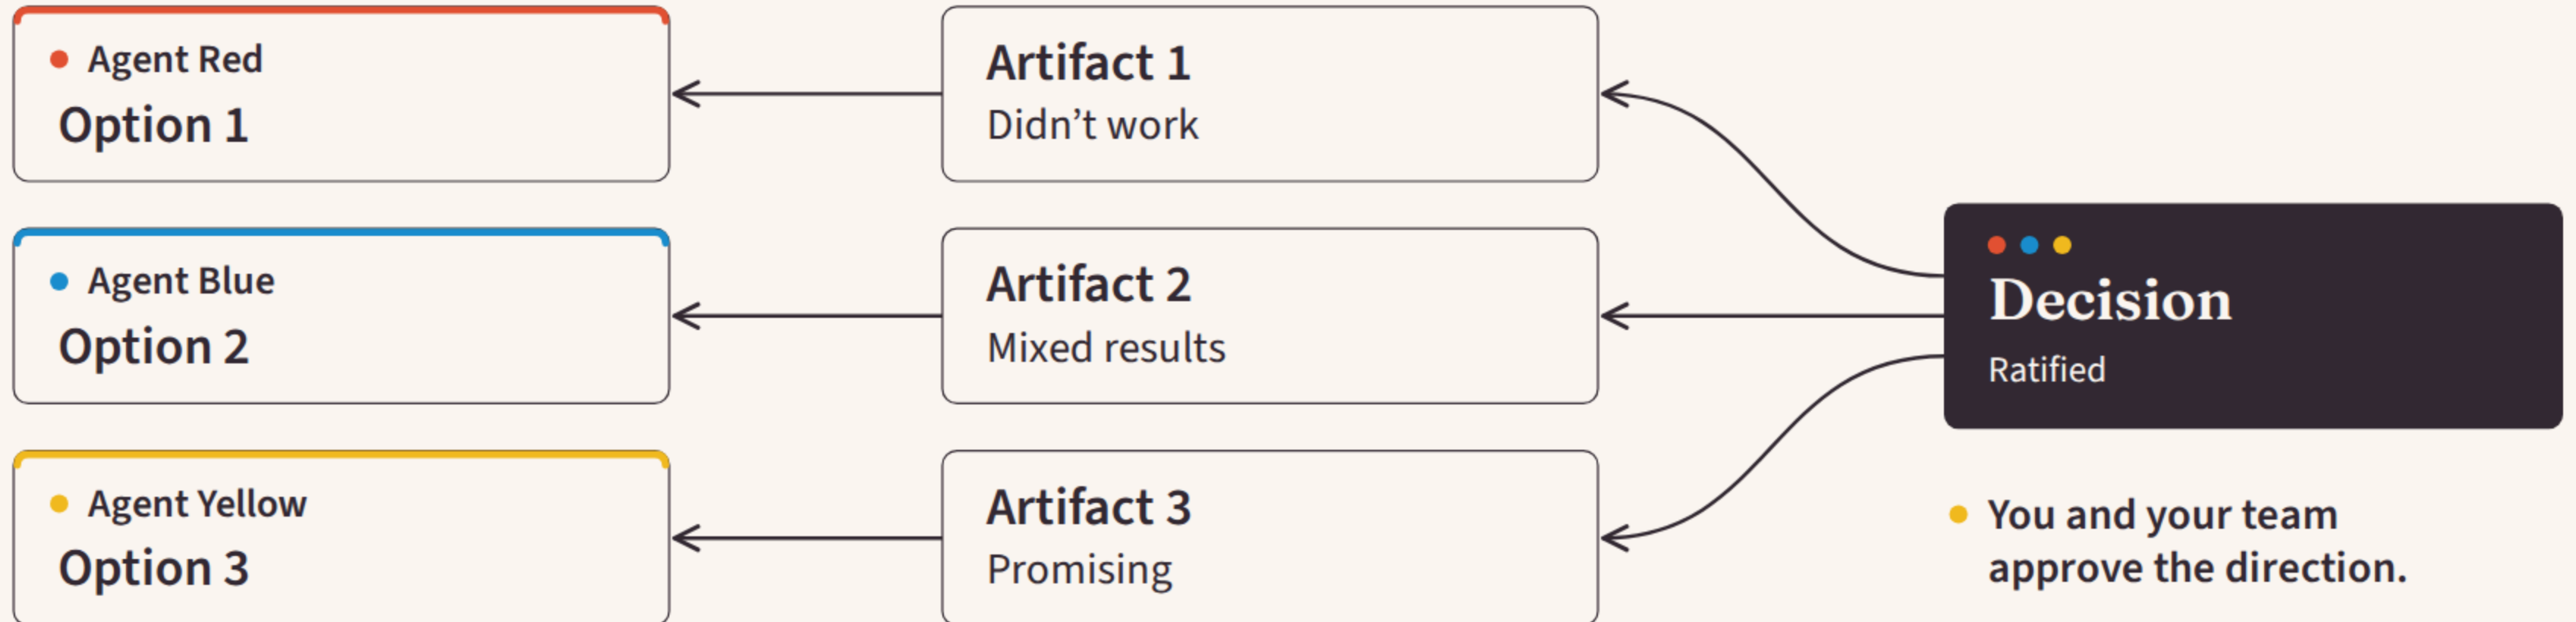

It's up to you to connect lost threads.

Track and analyze decision making.

01 Divide work

02 Evidence

03 Ratify decisions

Are you making the decisions that matter?

Framing

Was the right problem framed?

Alternatives

Were real options weighed?

Information

Was the relevant information gathered and used?

Reasoning

Does the choice follow from the information?

Values / Tradeoffs

Were the tradeoffs made explicit and weighed?

Bias exposure

Anchoring, confirmation, sunk cost, motivated reasoning?

Calibration

Did confidence match the evidence?

WHO DECIDED · OUR OWN PROJECT

11

You

40

Your agents

11 decisions made by a person, 40 by agents.

Today: a seven-dimension profile and who decided. **Coming:** which decisions carry the most impact.

Thank You

Do you want to try it for yourself?

We want to talk to you.
